

VIKASH SATHE

FULL STACK DEVELOPER

+91-7869603377 | vikashsathe83@gmail.com | LinkedIn/vikashsathe | Github/vikashsathe

PROFILE

Entry-Level Full Stack Developer with 2 years of experience in HTML, CSS, JavaScript, ReactJS, Node.js, MongoDB, Express.js, and Java. Skilled in building responsive, scalable web applications, developing RESTful APIs, and creating reusable components. Proficient in API development, backend architecture, and database management. Passionate about learning new technologies, solving complex problems, and delivering efficient, maintainable solutions across the full stack.

EXPRICENCE

Oshi Tech Solution - Full Stack Developer

Mar-25 - Present

- Built and deployed full-stack projects using modern technologies.
- Worked on real-world problems, clean code practices, and responsive design.

SKILLS

HTML, CSS, JavaScript, React, Node, MongoDB, Gsap, Express, Java, Git & Github, SQL, Tailwind, Bootstrap, Php, Codeigniter

PROJECTS

Portfolio Website – React.js, GSAP, HTML, CSS

Jul-25

- Built a responsive React.js portfolio with GSAP animations, showcasing projects and skills, optimized for performance and mobile.

FaceLink – Spend Your Time With Loved Ones

Jul-25

- Built with the MERN stack – supports real-time video calls, messaging, secure authentication, meeting rooms, and screen sharing.
- Optimized with Socket.io & WebRTC – ensures low-latency communication, high performance, accessibility, and seamless responsiveness across all devices.

NoteTaking - MongoDB, ExpressJs, ReactJs, NodeJs

Aug-2025

- Built a MERN-based note-taking app with secure authentication and full CRUD operations.
- Implemented search/filter and responsive design for better usability.
- Integrated Framer Motion for smooth animations, improving user engagement.

FashionHub - Your Fashion Destination

Aug-25

- Developed with the MERN stack – real-time product search, advanced filtering, cart, wishlist, secure checkout, and smooth order management.
- Designed for users – fully responsive, intuitive, and seamless experience across all devices.
